

Dear Community Members:

Exciting News!! Let 2015 brings more prosperities for all of you.

As you know one of the gala objectives was to empower people to promote education. Therefore, on behalf of Bangladesh Association Board of Directors and the entire volunteer team, I am happy to announce "**Dr. Abdus Satter College Scholarship**". Dr. Satter donated \$10,000 to initiate the program.

Dr. Satter college scholarship committee will give \$1000 each scholarships to three students this year during BAH graduation ceremony. We have established a scholarship committee chaired by Dr. Satter to select the recipients. Committee Members are

1. Dr. Abdus Satter –Chair
2. Dr. Munir Quddus –Member
3. Mr. Shahid Ullah –Member
4. Mr. Iqbal Chowdhury –Member
5. Prof Selina Rahman –Member
6. Dr. Selina Ahmed –Member

President Obama during his State Of The Union speech proposed free Community College Education. In March of last year unemployment rate with 4 year College Education aged 25 – 34 was 3.3 % as compared to unemployment rate of High School graduates of 11.8 %. Last year 33.5 % Americans aged 25 to 29 held at least a Bachelor degree as compared to 24.7 % in 1995.

Abdus Satter Biography

Dr. Abdus Satter retired from Texaco in 1998 as a senior research consultant after 30 years of service, and started his company for engineering consulting and training services. Besides Texaco, he worked for Amoco Petroleum Company and Frank Cole Engineering. He taught at the University of Western Ontario in Canada and Ahsanullah Engineering College in Bangladesh (Now known as Bangladesh University of Engineering and Technology).

Dr. Abdus Satter is a distinguished member of the Society of Petroleum Engineers, Legion of Honor Member and also Life Member. As SPE's Distinguished Lecturer he offered lectures around the globe during 1996-97 on Integrated Reservoir Management. He was also a Distinguished Lecturer during 2002-2003 on Asset Management throughout the Reservoir Life Cycle.

Dr. Satter has four decades of worldwide, diversified experience and expertise in reservoir engineering, reservoir simulator development and applications, water flood, enhanced recovery techniques and reservoir studies and operations. He has numerous publications in these areas.

He has been involved in reservoir management projects in Cameroon, Denmark, Indonesia, Nigeria, Trinidad, USA, and UK.

He has been active in consulting, teaching and training.

Penn Well Publishing Company published his books as follows:

Practical and Enhanced Reservoir Engineering: Assisted with
Simulation Software (2008)

Computer-Assisted Reservoir Management (2000)

Integrated Water Flood Asset Management (1998)

Integrated Petroleum Reservoir Management (1994)

Another of his book on Modern Reservoir Engineering – Fundamentals, Management, Unconventional Recoveries, and Reserves is being published by Elsevier Inc.

He holds a BS degree in Mechanical Engineering from the University of Dhaka, PE and MS degrees in Petroleum Engineering from the Colorado School of Mines and a Ph.D. degree in Engineering Science from the University of Oklahoma.

Hope this will be become special something like our Zee Memorial Funds where people will come forward to help college students for generations to come. Please watch for scholarship application and deadlines soon.

Sincerely,

Shah Haleem

Chairman

Bangladesh Association, Houston
